3. **Director's Report and Board Approval Requests**

   a. Deputy Executive Director, Shawn Burr, presented his Director's report as follows:
Mr. Burr would like **CONTINUE** to recognize Staff across the Authority who continue to go above and beyond to ensure our quality services are performed and resident and participant needs are taken care of especially during this pandemic! They are doing a remarkable job! As we “re-open”, nice efforts are being made in the planning and execution. Procurement and Maintenance are helping greatly.

Mr. Burr shared that as we enter 2021, we all need to remain diligent in maintaining each other’s safety. RHA continues to monitor and adhere to new regulations and Executive Orders as we receive them. Mark and staff are procuring the new sanitizing system he sent info to you about. We will implement them asap. Visitor restrictions, COVID questionnaires, and temperature checks continue for all visitors. Temperature kiosks for staff and visitors are moving forward with implementation.

Mr. Burr shared that we have weekly meetings with our NYS POP grant consultant to move the grant forward. We are meeting with our City of Rochester partners on 1/25/21 to collaborate on strategies and target area. We will continue to update at the Project Planning meeting.

Mr. Burr shared that Trillium’s COVID testing/Primary Care services for our residents continues with January schedule moving along.

Mr. Burr reported we have met with Common Ground Health and others on developing a plan for providing vaccinations for our eligible residents. Todd Bullard, Commissioner Remarais and Mr. Burr continue to move this forward.

Mr. Burr reported that staff continue to be involved in several community projects and report on them in their Board reports. RMAPI Housing Committee, City FEC Program Initiative, Connected Communities Housing Committee, Private Sector Rental Market Study, and Benefits Project are a few that are in the works. I really appreciate their efforts in representing RHA on critical projects in our community.

Mr. Burr reported that RHA participated in the 21-Day Racial Equity Challenge. This initiative proved to be a powerful opportunity to develop a deeper understanding of how inequity and racism affect our lives and community. It's imperative we continue to improve our community and ourselves in our commitment to implement antiracist practice. We will continue to hold meetings with staff to further RHA’s commitment.

Mr. Burr reported that he is participating on the West Main Steering Committee as planning takes place on the redevelopment of the “Bull’s Head” neighborhood. We will be creating an actionable vision for West Main St that reflects a revived multimodal, economic, and cultural corridor. This study will create a roadmap for making investments and changes to the neighborhood, street, and streetscape design.

Mr. Burr reported on NAHRO comments on Over Income Housing Residents:

On Jan. 4, NAHRO submitted comments to HUD on the re-opening of the public comment period on the subject of over-income families. On Dec. 4, HUD reopened the public comment period on the proposed rule that would implement sections 102, 103, and 104 of the Housing...
proposed rule included a section addressing the treatment of families in public housing whose family income exceeds the new income limit established in HOTMA. HUD reopened the rule to focus on implementation of that section, specifically PHA discretion in addressing over-income families. Section 103 of HOTMA imposed an income limit on families residing in public housing. If a family earns more than 240 percent of the very-low income (VLI) threshold in a community for two consecutive reexaminations, then the PHA has the option of either requiring the family to vacate their unit within 6 months or allowing the families to stay, provided the family pays the higher of the fair market rent or a rent equal to the amount of the monthly subsidy for the unit. As an over-income household that remains in their public housing unit would not be receiving any federal subsidy for that unit, HUD believes over-income families should be terminated from the public housing program, even if they are allowed to remain within their unit. In re-opening the comment period on the subject of over-income families, HUD had specific questions about HUD’s role to these households especially as it relates to repositioning; rent and reexamination; community service activities or self-sufficiency activities; dwelling leases, procedures, and requirements; grievance procedures and requirements; and additional ramifications of having households not considered to be in the public housing program living in public housing units. NARRO’s comments focused on the many reasons PHAs may allow over-income families to remain in their unit and reasons why a PHA may not. NARRO noted that in writing Section 103 of HOTMA, Congress made clear that PHAs would be best equipped to determine which option would be best for their community as it relates to over-income households. As such, NARRO believes PHAs should be given discretion in determining how to act as landlords to these households and that HUD should not play a role in how these units are managed and maintained.

Mr. Burr reported on NSPIRE Proposed Rule Released

On Jan. 4, NARRO submitted comments to HUD on the re-opening of the public comment period on the subject of over-income families. On Dec. 4, HUD reopened the public comment period on the proposed rule that would implement sections 102, 103, and 104 of the Housing Opportunity through Modernization Act (HOTMA) of 2016. Among other things, the proposed rule included a section addressing the treatment of families in public housing whose family income exceeds the new income limit established in HOTMA. HUD reopened the rule to focus on implementation of that section, specifically PHA discretion in addressing over-income families. Section 103 of HOTMA imposed an income limit on families residing in public housing. If a family earns more than 240 percent of the very-low income (VLI) threshold in a community for two consecutive reexaminations, then the PHA has the option of either requiring the family to vacate their unit within 6 months or allowing the families to stay, provided the family pays the higher of the fair market rent or a rent equal to the amount of the monthly subsidy for the unit. As an over-income household that remains in their public housing unit would not be receiving any federal subsidy for that unit, HUD believes over-income families should be terminated from the public housing program, even if they are allowed to remain within their unit. In re-opening the comment period on the subject of over-income families, HUD had specific questions about HUD’s role to these households especially as it relates to repositioning; rent and reexamination; community service activities or self-sufficiency activities; dwelling leases, procedures, and requirements; grievance procedures and requirements; and additional ramifications of having households not considered to be in the public housing program living in public housing units. NARRO’s comments focused on the many reasons PHAs may allow over-income families to remain in their unit and reasons why a PHA may not. NARRO noted that in writing Section 103 of HOTMA, Congress made clear that PHAs would be best equipped to determine which option would be best for their community as it relates to over-income households. As such, NARRO believes PHAs should be given discretion in determining how to act as landlords to these households and that HUD should not play a role in how these units are managed and maintained.
Mr. Burr reported that HUD has also published the Final Rule on Section 3 program revisions. Staff are currently reviewing and will be discussing in Committee as to the details and what it means to RHA. We will most likely need to revise our current policy and will keep you posted. We will update during the Project Planning meetings.

Updates

21-Day Racial Equity Challenge: Associates completed the 21 Day Challenge which allowed them to connect, reflect, and participate in the challenge to gain a deeper understanding of how inequity and racism affect our lives and our community. Human Resources are currently working on a template for managers to use in their staff meetings to continue the conversation,
and Human Resources and The Executive Team will create goals regarding implementing and discussing racial equity with all associates.

The five suggestions below will be a tool to target conversations, which outlines and supports group conversations.

- Build the intention, focus, and safety needed to have honest conversations about race.
- Respect the sensitivity of the topic while challenging people to go beyond the superficial.
- Acknowledge the uncomfortable realities of the past and the present.
- Validate the experiences regarding racially marginalized employees.
- Rochester Housing Authority will emphasize how we plan to prioritize goals and metrics around racial equity.

Current Actions:

- Conduct Violations – We continue to mail violation letters to tenants that do not comply with the restricted visitation protocol.

- Security Camera Project – working with IT and Procurement to restart the vendor process. An RFP may be needed for the RHA-wide project, but we are getting quotes for two sites that need to be addressed asap – Glenwood and HRT. We have a lot of information gathered and an Authority wide scope of work to proceed with.

- We re-established the additional Covid-19 security coverage. Security coverage is 24/7 at all sites, and a COVID questionnaire has been developed and each visitor is required to complete and sign it before visiting a resident. Temperature checks are also implemented for visitors.

- Glenwood has seen an increase in criminal activity as reported by residents. We are working on a perimeter access control project as reported in the Project Planning meetings. We are working with Commissioner Norm Jones on this and improving lighting from the City around this site. We are assessing our lighting to see if improvements can be made. We did replace all the exterior lighting fixtures with LED type in 2019. The security camera project is moving forward with this site as a priority one. I’ve had conversations with RPD and AP Security and we will continue to work together to address issues and improve communications. 7. Public Housing Report

Interim Public Housing Structure:

- While the Public Housing Director position is vacant, I will oversee and coordinate the management of this department in coordination with property managers. The Civil Service test was given in December and we’ll await the results before hiring.

Public Housing Matters:

- Staff developed a draft policy and procedure for deceased residents that will be presented to the Board of Commissioners upon completion. The SOP is currently under Legal’s review.

  - Building Security – RHA properties continue with the protocol of restricted visitation to minimize the COVID virus impact. COVID questionnaires have been put in place for each essential visitor to fill out and sign. Guards are also performing temperature checks. Center for Disease Control (CDC) and other notices have been posted. The RHA Reopen Committee is working on the plan to re-open community rooms, common spaces and revised visitation. At this time, all visitor restrictions and closure of community rooms remains in effect. Resident notices were delivered before the Holidays, reminding of current restrictions and safe practices and informing of Re-opening only when it is safe to do so.
    - Residents – Family Self Sufficiency in partnership with Lifespan, Foodlink, United Way, and our Resident Council members are delivering food to those seniors in need.
    - Disinfection of the main lobby areas, elevators, door handles are being done twice daily.
    - Community rooms have been secured.
    - Essential visitor procedure is in place with security and staff increasing presence at the sites to control entry. The essential visitors to enter must be listed, complete screening form and perform a temperature check.

- Some of the staff have reported an increase in income loss notices due to the pandemic. The waiver process is being utilized to assist residents with recertification. Staff continues to assist and a reminder notice to residents will go out soon. I am working closely with management to develop a temporary process for serving 14-Day Notices when the court reopens.

- Evictions are on hold. We have a plan for restarting this process once we can secure court dates.

- The Property Management office is offering applicants several methods to view a unit, e.g., virtual, email & text pictures, solo unit showings (staff will wait outside of
the unit as applicant walks through the unit). This will meet our COVID reopening requirements.

- We have re-established the additional Covid-19 security coverage. Security coverage is again 24/7 at all sites.
- HUD has granted RHA an extension to submit the Agency Plan and staff are working hard to make necessary revisions. Your feedback is welcomed. The Plan will be out for the 45-day Public Comment period this week.

**Security Matters:**

- Security is on the issue of the parking lots at Glenwood Garden. Cynthia had requested a special security detail. I am currently working in collaboration with the city to re-establish security and eradicate the fear of crime among our residents.

**Online Applications:**

- The On-line application process is working well.
- To address the high number of high-rise vacancies, APC continues to canvas the 1 bedroom waiting list. Based on the low responses to past canvases, we have increased the number of applicants we are canvassing to 160 per month.
- APC is currently operating with 50% staffing. We made offers to two candidates, and both candidates declined.

8. **Maintenance Report**

Mark Plantholt

Chief of Maintenance, Mark Plantholt, he provided a department update for the following items:

- **Vacant Unit Report**

9. **Leasing Operations Report (Section 8)**

Director Harris, Leasing Operations Department, shared utilization and funding information with the Board of Commissioners.

- Staff developed a draft proposal for Administrative Language changes. The proposed changes are submitted to our Compliance Department, LawNY, Executive Staff, and Partners Ending Homelessness for review. Once feedback is received it will be posted for 45-day public comment and then a virtual public hearing will be held.

- Currently, we have 3,557 applicants on the Housing Choice Voucher Waiting List. We have 46 applicants in the ready drawer, ready to receive a voucher when we issue.

- Leasing Operations' voucher or funding utilization goal is between 95% to 98%. We are currently at 94.2% utilization of vouchers and 97.6% utilization of funds. Leasing Operations Department has a Leasing Plan for 2021 to fully maximize HUD funding for Housing Assistance Payments. To best optimize our Housing Choice Vouchers, we plan to issue 400-500 HCV from the Waiting List by 9/30/2021. This outcome is determined from Leasing Operations Management Planning meeting in October 2020 with Nan McKay and monthly reviews with HUD's Two-Year-Tool. Our Eligibility Unit (that issues vouchers) staffing is currently at 50% because two Housing Specialist positions are vacant and one Housing Specialist is out for an undetermined time (this is the Housing Specialist who typically interviews and issues vouchers from the HCV Waiting List). To date, we have identified and completed 1 of 4 Saturdays to conduct overtime just for pre-eligibility appointments for voucher issuance. Due to the volume of vouchers that we need to issue, we would like to utilize a 3rd party vendor to support our leasing plan. The vendor would perform the main task of interviewing HCV
applicants for eligibility for HCV Program, collect the documents, and once it has been identified that they are eligible, RHA would issue the voucher. If the applicant is not eligible, RHA would be informed and would notify the applicant. This would help ensure that we meet our leasing plan goal for 2021.

- The monthly inspection goal is 780-960. The Inspection Unit conducted 909 inspections for December.

- Permanent Supportive Housing projects are being monitored monthly for financials and project participation. All projects that are projecting a funding deficit, by the end of the grant period, have an action plan to address the deficit.

- Committee updates:

  **Continuum of Care (Partners Ending Homelessness (PEH))**:
  - Annual Board Meeting was held virtually January 12, 2021.
  - Point in Time Count for the homeless will be conducted January 21, 2021: only prior volunteers that participated in the past 3 years can participate.

10. **Family Self-Sufficiency (FSS) Report**

A meeting with the City is scheduled to coordinate the proposed area of focus.

- We are seeing a rise in costs associated with the pandemic. Material lead times have increased, material costs have gone up, and contractor overhead costs have also increased. As you know, contractors must have COVID-19 safety plans and procedures as part of the bid response which is reflected in higher bid amounts. Other PHA’s I’ve spoken with are experiencing the same.
