3. **Director's Report and Board Approval Requests**

a. Executive Director, Shawn Burr, presented his director’s report as follows:

Mr. Burr would like to

**CONTINUE**

recognize Staff across the Authority who continue to go above and beyond to ensure our quality services are performed and resident and participant needs are taken care of especially during the pandemic! They really are doing a remarkable job!

Mr. Burr shared RHA continues to monitor and adhere to new Federal, State, and Local regulations, recommendations and Executive Orders related to the pandemic as we receive them. Bob and staff continue to use the new sanitizing PURUS system following a schedule for our sites. Visitor restrictions have been relaxed somewhat, but masks are required to be worn indoors when in any common space for all staff, residents and visitors. Community rooms have been closed, locked and residents notified. The Executive Team monitors current conditions daily and meets weekly to review discuss our processes.

Mr. Burr shared On Thursday, 3/17/22, he had the distinct pleasure of meeting with the new Director of our HUD Field Office in Buffalo and the office in Pittsburgh, Jacqueline Molinaro-Thompson. She is visiting NY PHAs and their ED’s to get a better understanding of who and what she is overseeing. She applauds her efforts as she couldn’t recall a time when the director has done this. We discussed many different topics, and she is our direct link to HUD “Headquarters”. She has worked at Headquarters previously in her career and has been involved in policy making and able to provide great insight to the “process”. She is genuinely concerned with the challenges PHA’s are facing and dealing with and I gave her a lot of information on RHA. We talked about our strategic planning efforts and the goals of expanding resources and community partnerships which she was very impressed with. We discussed our funding and staffing challenges, and she is more aware of our efforts now. He was able to take her on a tour of some of our sites which the maintenance and management teams have looking very good! KUDOS!! She was able to see finished units at Kennedy Tower and Bronson Court (Thanks Julie!) and was very impressed with the quality of the renovation work. She took a lot of pictures to share, and he told her that if HUD would raise the Total Development Cost (TDC) limits, PHA’s would be better equipped to increase the quality of their public housing stock. Her visit was very beneficial to both of us and I’m grateful we have her expertise at our disposal.

Mr. Burr shared that our 117 Emergency Housing Vouchers by HUD as a result of the RESCUE Plan have all been issued in accordance with the process we developed with the Continuum of Care. We have housed 26 people so far. The RHA team has done a great job implementing and continues to assist those looking for units. HUD will be reallocating unused EHV’s in the near future.
Mr. Burr shared that our Community Choice Demonstration RHA Team is working very hard on this with the HUD team. The RHA Team issued an RFP for a community partner for the demonstration and will make a selection very soon. We will continue to update at the Section 8 Committee meeting.

Mr. Burr reported that Trillium’s COVID testing/Primary Care services for our residents continues with January’s schedule moving along. We will be continuing our partnership and expanding services where we can.

Mr. Burr reported that Staff continues to be involved in community projects and report on them in their Board reports. RMAPI Housing Committee, which will now be a Housing Working Group which, will focus on our community’s full housing system, City FEC Program Initiative, Connected Communities Housing Committee, Private Sector Rental Market Study, RUBI, and Benefits Project are a few that are in the works. He really appreciates their efforts in representing RHA on critical projects in our community, and their extra efforts are commendable.

Mr. Burr reported that Our Strategic Planning Team continues to meet bi-weekly with our consultant, Bronner Group. We are currently working to fine-tune our goals and strategies. The team has been very busy! Thank you to our Commissioner’s for their involvement.

Mr. Burr shared that he has been asked by Mayor Evans to participate on his Quality Housing Task Force, and I attended the press conference on 2/15/22. The team members who were present, met with the Mayor, and he gave his vision on what he would like the Taskforce to accomplish. I am very excited to be part of this. He continues to participate on the North Inner Loop Planning project, which is also moving forward. Mr. Burr will continue to participate on the North Inner Loop Planning project, which is also moving forward.

Mr. Burr share that NYSPHADA Update: The Legislative Committee continues to work hard on advocating at the State level for funding for PHA’s, especially upstate. The Spring Conference will be held in Niagara Falls from 4/12-4/14, and Diana sent the information out to the Commissioners.

Mr. Burr share:

President Biden Signs S4 Billion Increase in HUD Spending

Housing and community development programs received a significant increase in the long-awaited fiscal year (FY) 2022 Transportation-HUD spending bill that was released March 9.

The dramatic funding increase to HUD is a direct result of NAHRO and its advocates. NAHRO thanks its members for their hard work throughout the year to advocate for robust funding for housing and community development programs. The omnibus package includes full year funding for all 12 appropriations bills. It raises HUD funding by $4 billion and increases nearly all HUD programs. The package also includes a reauthorization of the Violence Against Women Act (VAWA). The omnibus contains the highest ever annual funding for the Public Housing Capital Fund at $3.2 billion. This increase is also a direct result of NAHRO and its members advocating
on behalf of public housing advocacy. Additionally, the bill also includes $200 million in new vouchers for people experiencing homelessness and victims of domestic violence, and $25 million for mobility services. The package also provides HUD with additional waiver authority to help increase voucher utilization. The Community Development Block Grant program was the lone program cut by the bill, a decrease of $175 million. The HOME program was increased by $150 million. Also included is $1.5 billion for the Economic Development Initiative, which is Congressional-directed spending on community projects. This is the first time in over a decade earmark have been allowed in an appropriations bill. Disagreements between Democrats over COVID-19 relief offsets delayed a vote in the House, but the package was ultimately approved by a bipartisan vote on March 9 and the Senate approved it on March 10. President Biden signed the bill in a White House ceremony on March 15. Here are the FY 22 T-HUD spending bill highlights:

- Public Housing Capital Fund: $3.2 billion, $435 million increase
- Public Housing Operating Fund: $5.039 billion, $200 million increase
- Choice Neighborhoods: $350 million, $150 million increase
- Section 8 Housing Assistance Payment Renewals: $24.095 billion, $1.015 billion increase
- Ongoing Total Administrative Fees: $2.411 billion, $252 million increase
- Family Self-Sufficiency: $109 million, $4 million increase
- Section 8 Project-Based Rental Assistance: $13.54 billion, $75 million increase
- Community Development Block Grant: $3.3 billion, $175 million decrease
- HOME Investment Partnerships: $1.5 billion, $150 million increase
- Housing Opportunity for Persons with AIDS: $450 million, $20 million increase
- Homeless Assistance Grants: $3.213 billion, $213 million increase

HUD will still need to distill down the funding and announce impact to each PHA, but the increases are definitely encouraging.

**Waiting List Management:**
- APC continues to pull from the waiting lists monthly. After reviewing the status of the Public Housing Studio Waitlist, I recommend that the studio waitlist be closed, effective February 15, 2022. • We currently have two projects out to bid.
• Our MWBE & Section 3 Contracts report was presented and will continue to be updated each month. Two additional contractors have been added.
• The status of our current CFP Budgets as of December 31st are: 501.18 budget is 100% obligated and 99% Expended - 501.19 is 99% obligated and 86% expended, and 501.20 is 32% Obligated and 10% Expended. RHF Funds grants as of December 31st are: 502.13 is 100% obligated and 100% expended, and 502.14 is 63% obligated and 63% expended. We are using these funds to cover eligible RAD project costs.
• We then discussed our A/E status report, and no issues were present.

Project Planning
• Our Project Planning meeting followed the Committee meeting, and updates were given on our development projects starting with our RAD project at Federal St/Scattered Sites. We continue to work with our developer partner to move the Federal St project forward in coordination with NYS HCR, NYS OTDA, HUD, and City of Roch. We are now communicating regularly with HUD on the RAD conversion and the City on the coordination between agencies as the project moves forward. A resident meeting was held, and staff will be meeting 1:1 with residents that will need to move while their unit is being renovated. Todd and our RAD counsel (CHW) and I met to discuss the ownership structure that was presented to you, and Todd will be involved with preparing necessary resolutions and representing RHA through the closing process.
• Our next RAD project will be Parliament/Luther, and we are working with our development team. PCNA’s and environmental testing are complete and final reports issued. Design plans for renovation and redevelopment are being finalized by our A/E and environmental firms. Weekly meetings continue.
• Our Glenwood-Fernwood development project is moving along, and we are combining it with the RAD project as a more competitive LIHTC application. Currently, we are envisioning 2 phases but now may have to consider one very large project in order to get enough funding sources to cover the costs. We have met with the City’s development team and other departments to review the proposed plans, which have been favorable. We continue to fine-tune the design to be ready for the next LIHTC RFP. We held two resident meetings at Glenwood that were well attended and will schedule the next one when we have more definitive answers. We are “crunching the numbers” and will need to look for alternative funding to ensure a viable project.
• Atlantic Townhouses Site Upgrades (Design Phase)
  ➢ The project architect continues the final stages of completing bid-ready documents of this project. We plan on putting the project out to public bid in March for a May-June start.
• Lexington Court Interior and Common Area Upgrades (planning Phase)
  ➢ The project architect has delivered schematic design documents for this project which are under review.
• Scattered Site Parking Lot Project (Design Phase)
  ➢ Bid-ready construction documents for parking lot replacements and concrete sidewalk work at seven of RHA’s scattered sites are near completion.
• Bronson Court Site Upgrades – the architect is moving forward with Phase I, which is roof replacement. Harold is working on the HVAC upgrades, and both will go out to bid soon. Phase II will include new siding, porches, and rear decks, and design has begun. Phase III will include landscaping, gazebo, picnic tables, grills, and site lighting. This multi-phased project will align with our Change the Face of Public Housing Initiative!
• Change the Face of Public Housing project at Bond/Hamilton is moving along with the SAC application process for the demolition phase. We are working with the residents to determine relocation needs for each ahead of time. We are also working on the resident relocation plan. We are working with the City on the NEPA review, which is required to move forward with the HUD and City processes.
• The next steps for our Change the Face of Public Housing project at Edinburgh Street are the SAC application for demolition and the finals plans and specifications for bidding.
• We discussed the Holland Townhouse Site Improvement Project; the Traffic Control Board approved the plan. I’ve discussed this with the City on a possible right of way that will allow the City-owned portion to become RHA property. More discussion with our City partners needs to take place, and the City team will be scheduled.
• Our seven Section 32 homeownership homes SAC application will be completed soon, but we did have a few drop off as their situations have changed. We’ve received 39 responses to a survey sent to our public housing single-family scattered-site residents to see who is interested in purchasing their home. Melissa’s team is working with each resident to determine eligibility and a path forward for them. The plan is to create a pipeline of residents and units. We will be using NYSPOP funds to perform physical needs assessments on each home and determine what repairs we will make before ownership is transferred. We had a great meeting on 3/14 with the Director of the SAC office, who provided a lot of information for us. They, along with the field office, are very excited for RHA to enter into the Section 32 “world.”
• RHA’s mold remediation grant under the Housing-Related Hazards Capital Fund Program in the amount of $896,649 is moving forward, and the priority sites are Holland Townhouses and Bay-Zimmer to start. A scope will be created, and design professionals procured.
• We then reviewed the projects in the CFP Project Pipeline, which are all in various stages of planning and design. We will be starting the next Annual Plan process shortly, which will include meeting with the JWRC to gather input for the CFP 5-year Plan.)
